GO PAD

FOLDING COMPUTER GAME CONTROLLER

Gaming on the go!

The ION GO PAD is a folding, fully-functional gaming pad with great features for the most demanding gamers. This controller is great for throwing in your purse, briefcase or backpack and makes a great companion to your netbook or laptop computer. Simply connect GO PAD to your computer's USB port and you have a two-axis directional-pad, four action buttons, four shoulder buttons and turbo on/off buttons to take full control of your gaming experience. GO PAD is also compatible with both Mac and PC computers, so you can bust out and start gaming anywhere, no matter your system. GO PAD allows all your mobile gaming dreams to unfold. PC users can start blasting away instantly with the included Asteroids game for PC from Atari.

FEATURES

- Collapsible computer game controller folds in half for greater portability
- Two-axis directional pad provides navigation control of game characters
- Four action buttons, four shoulder buttons and turbo on/off buttons
